ORDER

Because of other cases and court business, the Court has been unable to rule on the pending motion for summary judgment in a timely fashion. Despite my earlier statements to the contrary, I now conclude that it is appropriate to vacate the current Case Management Order deadlines and to stay discovery until the Court can rule the pending dispositive motion.

Accordingly,

IT IS HEREBY ORDERED that defendants' motion for protective order [#107] is granted; the Case Management Order deadlines are vacated, discovery is stayed, and the referral to mediation deadline is extended until further order.

IT IS FURTHER ORDERED that the motion for extension of time to complete ADR [#111] and the motion for extension of time to complete discovery

and for revised scheduling order and conference [#114] are denied as moot.

The Court will set a further scheduling conference after ruling the motion for summary judgment.

CATHERINE D. PERRY
UNITED STATES DISTRICT JUDGE
